

***OHTA News*: Contents 1978-2020**

Third revision, headings to Volume 24 Number 1, April 1998, completed by David Shield; 1 February 2000 and 1 August 2020 by John Maidment.

This compilation is a listing of the headings used in *OHTA News*, the journal of the Organ Historical Trust of Australia. Volume and issue number are followed by headings and page number. The earlier front covers have, in the main, featured drawings by Graeme Rushworth until April 2012 after which full colour covers were used. The size of the journal increased from A4 to A3 in July 2000.

The first volume of *OHTA News* was published in July 1977 and two issues were printed that year. Since 1978 it was a quarterly journal but was issued three times each year from January 2018.

Copies of *OHTA News* are held at:

National Library of Australia
State Library of NSW
State Library of Victoria

Photocopies of individual articles may be ordered directly from these libraries via interlibrary loan.

Individual issues, subject to availability, may be ordered at a cost of AUD 3.00 each plus postage from:

Organ Historical Trust of Australia
